

The University of Winnipeg Collegiate Alumni Association
Nominees for Voting Directors 2025

Name	Graduation Year	Location
Joshua Hood	2017	Winnipeg, Manitoba
Quinn Cove	2014	Winnipeg, Manitoba
Sarah Harris	2013	Winnipeg, Manitoba

1. Joshua Hood (2017)

Location: Winnipeg

After graduating from The Collegiate, Joshua graduated from Vancouver Film School and specialized in Film Production, Producing and Post-Production. He began with Shaw TV Winnipeg as a Producer/Editor, Joshua has edited hundreds of hours of local television, produced dozens of news-styles stories, short and full-length documentaries, and acted as Showrunner for three seasons of his award-winning comedy series Millworth, and he has experience on 30+ productions.

Alongside his passion for film, he is on his condo Board and is a vocal advocate for active and public transportation. Joshua was invited to the Canadian Urban Transit Association Young Leader's Summit

in 2019. He is currently an active member of the Winnipeg Film Industry and has been an inaugural member of The Collegiate Alumni Association Board for and is seeking re-election.

2. Quinn Cove (2014)

Location: Winnipeg

After graduating from The Collegiate, Quinn earned her Bachelor of Commerce in Marketing from The University of Manitoba, she then earned her Master of Business Administration at Smith School of Business at Queen's University. She was the Senior Content Specialist for Calia Flowers, and then she was the Marketing Specialist at Stantec. Currently, Quinn is the Marketing and Community Engagement Manager at the Royal Winnipeg Ballet. She is a volunteer with

the Manitoba Opera as the Community Engagement Committee Member and has been on The Collegiate Alumni Association Board for the past two years and is seeking re-election.

3. Sarah Harris (2013)

Location: Winnipeg, Manitoba

After graduating from The Collegiate, Sarah was a professional ballet dancer with the Royal Winnipeg Ballet Dancer. She then pivoted in career into biomedical engineering. She interned at the Orthopedic Innovation Center during her undergraduate studies. There, she gained hands-on experience in improving orthopedic treatments, testing medical devices, additive manufacturing, and 3D modeling. Sarah co-founded the *Women of Manitoba Engineering Network* (WOMEN) to promote

opportunities for women-identifying engineering students at the University of Manitoba. Sarah's work focuses on clinical epidemiology and quality improvement at the Pan Am Clinic, where she's helping establish a database to improve orthopedic practices across Manitoba. Sarah is currently obtaining her Masters.
