Consequences of Level 1 violations may include any combination of the following:

- › Late Fee: a \$75 charge added at each instance of a Level 1 violation.
- › NSF Fee (non-sufficient funds): A \$45 charge is added for each failed cheque payment returned by the bank due to insufficient funds in the bank account.
- › Level 1 violation notice: An email and/or printed letter indicating the overdue balance, including any late and/or NSF fees added. The letter includes a deadline by which to pay the balance, after which Level 2 consequences will apply.

Level 2

A Level 2 financial violation occurs when a resident fails to meet the conditions outlined in a Level 1 violation notice.

Consequences of Level 2 violations may include any combination of the following:

- › Academic hold is added to the resident's UWinnipeg student account. This hold prevents the resident from adding or dropping courses, obtaining transcripts, and graduating.
- › Meal plan suspension: Use of the meal card may be suspended until the outstanding balance is paid.
- › Salto card suspension: Use of the resident's student card to access their residence building and/or room may be suspended until the outstanding balance is paid.
- › Level 2 violation notice: An email and/or printed letter indicating the overdue balance, the deadline to pay, the Level 2 consequences that have been applied, and the Level 3 consequences (e.g. eviction) that will apply if the deadline is not met.

Level 3

A Level 3 financial violation occurs either after the conditions in a Level 2 violation notice have not been met, or after multiple Level 1 and/or Level 2 violations have occurred.

Consequences of Level 3 violations may include any combination of the following:

- › Eviction notice: Specifies a date by which the resident's occupancy is terminated and must move out of residence. Refer to section 3.5 Eviction Process.
- › Payment plan cancellation: If a student is on a monthly payment plan, the plan is cancelled and the resident must pay their full term balance by the deadline specified by Campus Living.
- › Non-renewal: The resident is not allowed to continue living in residence after the end of the current term.
- › Collections: Overdue charges still outstanding at the end of a term may be sent to a collections agency, affecting the resident's credit rating and student status.
- › Level 3 violation notice: An email and/or printed letter indicating the overdue balance, the deadline to pay, and the Level 3 consequences (e.g. eviction) that now apply.

Move-out process

All Collegiate resident move-outs will be planned in collaboration with Collegiate staff. If a Collegiate resident wishes to move out early, approval from Campus Living Management and the Collegiate Dean's Office must be obtained. Collegiate residents (including minors and over 18) are not eligible to terminate their residence agreement without approval by the Collegiate Dean's Office. Residents are to refer to the Campus Contract for the move-out process details.
